Reason for complaint:

Cumberland is a popular and prosperous place, containing many shopping malls, schools and other areas for people to reside in. Lidcombe is certainly not going to benefit from any sort of proposed rubbish tip. It is unsanitary and can cause many problems for the hundreds and thousands of children in the schools nearby. As a parent, it is not going to be a safe space for our children to reside in as they breathe in the wasteful air caused by the rubbish tip.

Furthermore, the residency of Lidcombe and Cumberland as a whole will drop greatly. There are several thousands of people reside in Auburn, Berela, Chesterhill, Lidcombe and Cumberland as a whole. This won't help our environment and it certainly will affect our lifestyles. Problems such as heavy traffic and Locals bearing the heavy roadworks will certainly be a huge issue for people living in the area.

Lidcombe is such a great place to be, and having a rubbish dump there will certainly change many things.

Please reconsider having the rubbish tip there; for the safety of our kids, elderly and everybody. It will release dirty air and isn't beneficial for anybody in the region, so why build one?
