RE: DA2023/0130

To Whom It May Concern,

As a resident of Lidcombe I am strongly opposed to the proposal of having an organic waste transfer station in Lidcombe.

Having such a site so close to residents, the public school and children daycares is a detriment to the neighbourhood. The high likelihood of bad smells, increase in rodents and just the unpleasantness of it all within the community will have a devastating impact on those that live here.

Please do not allow this to happen.

Regards,
