I oppose this development for the following reasons:

1. **Odour issues:** There's no guarantee that there will be no odour and fumes coming from the waste transfer facility. Currently there is another waste transfer facility at Cleanaway Auburn Resource Recovery Centre, on Old Hill Link at Sydney Olympic Park. I have complained about the odour numerous times with nothing being done. I have absolutely no faith in the company's ability to control fumes and odour.
2. **Location:** the site is very close to many new apartments. It will affect hundreds of residents.
3. **Traffic concerns:** Church street is already a narrow two lane road. It cannot support the truck traffic.

I protest this development site strongly and will be there to physically protest the site. I will be voting the current council out of in the next election if the proposal goes through. I will also contact the media and the current owners of the apartments about protesting against the site. Thanks.
