To whom it may concern,

I am greatly concerned regarding the proposal on the construction of a rubbish tip so close to my place of residence.

The extra traffic this will create in conjunction with the several blocks of units along Church Steet will make commutes very frustrating. The feeling of a suburban area will also be reduced with the increase in air and noise pollution. There is absolutely no benefit to any of the residents around the proposed site and extending towards the greater Lidcombe area.

Thank you,
