Dear Cumberland Council,

I am here to present my objections to the DA2023/0130.

I have been living in Berala over 13 years now. I am really sad and disappointed to see that our home is going to be ruined.

This Organic Waste Trasfer Station will impact the local traffic, create more poplutions and noises. It also be enviromental impact for the local resident.

It's close to residential areas and parks. There are many kids and elderly living in our local comminity. I want you to consider us before making the decision.
