Dear Council,

I am writing to you to express my concern about the proposal to build the Organic waste station in Church St.

My concerns are the smell, the traffic that will be caused, the state of the roads, with pot holes and excessive road damage left by the trucks.

The stupidity of allowing such a proposal to be considered in the middle of a highly populated residential area. The decrease in value to our properties.

This proposal is absurd and should be dismissed totally. This proposal should ask to be moved to an entirely different council area, out of Lidcombe!
