Dear Cumberland Council

I'm am writing to you as a current resident and citizen of Lidcombe NSW 2141. I am writing to you in concern and objection the building plan of a "rubbish tip" (organic waste transfer station on 109A Church Street Lidcombe (DA2023/0130) which is quite close to residential local area, public trasport, local communities businesses and schools. Notiicing that it is just 100 metres away prompted me to write as a concerning member of the local community in Lidcombe. There are various impacts and implications more dominantly negative outcomes that will occur if the rubbish tip is build.

This includes traffic congestion, environment pollution such as air and soil, property value, commercial and recreational activities and many more that i'm sure many other will agree. I hope that this email and many other alone will be enough to prevent the action of or approval of building the rubbish tip discussed,

Kind Regards.
