Dear Cumberland Council,

I am writing to express my strong objection of the above development application for the Site: 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492.

I am deeply concern the neighbourhood which closely to my living area, Lidcombe. Please note that there is a landfill area undergrounded in Olympic Park and another Waste Management Area nearby as well. Please understand I would like to be living in a harmony community rather than the area with wastes surrounding me, I believe nobody wants to be surrounded by even more waste and live like that. I could imagine and have a strongly concern that this proposal will impact lots of our communities and others public facilities in ways such as traffic congestion, air, noise and soil pollution as well as negatively property values.

Finally, I strongly urge Cumberland Council to reconsider the approval of this proposal to build a rubbish tip of the above site.

Here is mv details for your reference:
