RUBBISH TIP IN LIDCOMBE

I would like to voice my utter disgust at this idea of having a waste station so close to homes etc even seeing the light of day. The location of this proposed garbage stinking dump is way too close to homes, schools, the train station and other businesses. The traffic on that road is already too heavy. Add all these trucks coming in and going out of this proposed facility would make things much worse. The hours of operation would cause traffic chaos. The disgusting stench and the impact on the environment would be huge. Call it whatever you like. It is NOT coming to Lidcombe town centre metres away from apartments. WHICH OF YOU ON THE COUNCIL WOULD LIKE TO LIVE METRES AWAY FROM A WASTE TRANSFER STATION???

The whole idea is a joke. The fact that we have to voice our opposition to this is even more pathetic.

It's of no interest to me WHO IS DECIDING ON THIS MATTER. IT CANNOT GO AHEAD. THERE WILL BE YEARS OF LEGAL ACTION TAKEN TO STOP THIS. Lidcombe as a suburb has been ruined by redevelopment, corrupt councillors etcetera. NO MORE RUBBISH FOR LIDCOMBE. PUT THE FACILITY FAR AWAY FROM HUMANS AND TRAFFIC AND MAKE OUR LIVES A LITTLE BEARABLE. I'D LIKE TO KNOW WHO DECIDES THESE MATTERS! I am totally opposed to even the idea of such a facility being put to us. WAKE UP

[REDACTED] resident for 35 years have literally watched this suburb go down the toilet- NO MORE)
