To Cumberland Council,

I object to the proposal for the construction and operation of an organic waste transfer station at 109A Church street Lidcombe NSW 2141 lot1 DP 778492 File: DA2023/0130.

The transfer station is too close to the residential area. Our area is nice and quiet, but the truck in and out can generate a lot of noise, the waste can create bad smell, pollute our living environment. The government should select a new area which is not close to residential area.

Your Sincerely,
