I would like the council to reject the proposal to build a rubbish station in Lidcombe. The reason is listed below.

1. The location of the rubbish station is too close to the town center and resident properties.
2. The traffic condition in Lidcombe can be worsened because of rubbish trucks.
3. Rubbish station operation time can disturb our local resident's lifestyles.
4. The smell of the rubbish station is disgusting and it has the potential to harm our children's health.
5. The rubbish station can turn future potential residents away. No one wants to live near a rubbish station. it brings a negative impact on our fast-growing communities.

Plz listen to the communities voice and stop this proposal.
