Hi,

I object the notion to build a tip in Lidcombe due to disruptions to the suburb's noise, odour and road network. Church street is already busy as is due to Lidcombe station being a major station for many sydney siders to change trains to different rail networks.

Building a tip anywhere close to here will cause a major issue with traffic congestion in an already busy area. Any road blockages during construction will also destroy the livelihood of all Lidcombe residents as we rely on the to travel towards the CBD and Homebush Bay drive.

Please reconsider.

Regards,
