Dear council,

I object to organic waste transfer site for reasons listed below:

- 1) lidcombe is a residential area
- 2) no waste industrial plant's should be allowed
- 3) don't need more truck traffic in the area, congestion is already high.
- 4) smells and odours would create a health hazard to residents.
- 5) very bad for property owners who could see the there property devalued due in plant in the area.

Regards
