It is with upmost concern that I am writing to you in objection to the submission for the proposed Cumberland Local Council to build a rubbish tip transfer station on 109a Church Street Lidcombe I can only think that has been proposed for consideration purely motivated by waste for profit completely sacrificing human health with huge detrimental risk for the high-density residential population living in the proximity of the proposed plant not to mention high traffic congestion already due to close approximation to Lidcombe train station, and numerous churches close by the hub. The Streets of Lidcombe as it stands especially around either side of the station resemble nothing but a dump, trucks parked everywhere (to the point one can't get a clear view to enter traffic, rubbish screwed all over, substandard quick fix roads and now we need to deal with this!!?) There are schools and day care centres within a close radius of the site. Have they been considered appropriately?

Please re-think this absurd proposal and give it the flick.

---
