Dear Sir/Madam,

[REDACTED]

I would like to object the proposed Organic waster transfer station, 109A Church Street, Lidcombe.

If the waste transfer station get built, this would have significant impact on the residents currently living near the the proposed construction site like my family and tge rest of the neighbourhood with:

- Traffic congestion
- Air, noise and soil pollution
- Dust fumes and bad smell
- Negative impact the tranquillity of our suburb
- Negative impact the health and safety of local residents
- Local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area.
- Negative impact property values

Thank you for your consideration.
