o Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

This is due to the following reasons:

- \* Pollution ----The rubbish transfer station will cause heavy air pollution and ban smell.
- \* Impact health and well-being of local residents----It is among intensive residence area will cause healthy problems of the residence
- \* More traffic congestion---- Trucks in and out will cause tranffic jam problem.
- \* Noise ----Trucks driving in and out will create noise pollution
- \* Hazardous fumes ----would cause bush fires and building fires.
- \* Environmental impact ----will impact the overall environment for this sub, like air, green land, park and surrounding residence area will all be impacted.

Your sincerely,
