Subject : OBJECT to the development, DA2023/0130 , Site: 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 .

To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

We have been living at lidcombe for many years and had a nice and quiet neighborhood around this area. Recently There are apartments being built and already have busy traffic on Church Street, we don't want to see once the transfer station has been built there will be waste transfer trucks going around and causing more traffic congestions. Also, object to the noise and dust fumes and bad smell from the trucks and the Plants from the transfer station. You could see from the map there is less than 100 meters to the residential area. And only a few hundreds meters there are schools with hundreds of students. The dust, noise, smelly are going to be harmful to the health.

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.

I trust that Cumberland council will carefully consider these objections and take the necessary steps to address the concerns raise by concerned residents like me. Thank you for your attention to this matter.

Your sincerely,
