Dear whom it may concern,

Reason for objection: If the waste transfer station gets built, this would have significant impact on the residents currently living near the proposed construction site and rest of the neighbourhood with:

1. Traffic congestion
2. Air, noise and soil pollution
3. Dust fumes and bad smell
4. Negatively impact the tranquility of our suburb
5. Negatively impact the health and safety of local residents (especially considering the fact that 4 new apartment buildings are due to open in August near the proposed construction site)
6. Negatively impact property values
7. Negatively affect residential, commercial and recreational environment
8. Local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area.

***Lidcombe is our home. Let us protect our community from pollution. We would love a safe and clean suburb to inhabit.***

Kinds regards,
