To whom it may concern,

I have been a resident of Lidcombe for over 20 years. I would like to advocate my strong objection to having a rubbish tip built within 100 meters of our homes and businesses. This would add to the already heavily congested streets and contribute to air and noise pollution.

We sincerely hope that you take into consideration our concerns and rule against building a rubbish tip in order to keep our community safe and clean.

Thank you and warm regards,
