Dear officer,

I'm writing this email regarding the new Organic Waste Transfer Station you are planning to build near my house. I've been a local resident in Lidcombe for around 20 years. I love the environment, park and people around here. If the Waste Station has been built, it will cause massive traffic in Lidcombe, the air will be polluted and the smell of the waste will cause harmful to people in the local area. I would recommend you to reconsider this planning, perhaps somewhere there are no local people around.

Thank you

Yours Sincerely,
