To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

As we are living in _____, this proposed DA site is close proximity to residential properties, schools, nursing home, parks and businesses. The organic transfer station will produce bad smell, attract rats, cockroaches, pests and rodents.

We don't want our community and our kids living under this harsh conditions and suffering those hazardous fumes and pollution in the future. I believe every person deserves a healthy and better life's place.

Please help us to stop this plan.

Your sincerely,
