I am writing to lodge an objection about this waste facility at 109A Church Street Lidcombe, my objections being

- 1 too many large trucks in suburban streets
- 2 we have heard that it will cause a smell [as that comes from its current location]
- 3 why is this being built in an area close to housing and not in industrial area
- 4 the amount of noise from said truck movements and noise from facility
- 5 they have just built more high rise housing just adjacent to this facility
- 6 with all the truck and car movements on Church St. it will be bedlam.
