Dear Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

I lived with my wife and two children, I heard that it will have many wastes trucks going around this area,I worry about my children's safety,we lived many years at Lidcombe.We had a nice and quiet environment around this area. There are apartments being built and already have busy traffic on Church Street, we don't want to see once the transfer station has been built there will be waste transfer trucks going around and causing more traffic congestions. Also, object to the noise and dust fumes and bad smell from the trucks and the Plants from the transfer station. It will more noise and bad smell,the air will not clean,we afraid that our environment won't be safe. We want to give our children have a safety and nice environment to live.

Your sincerely,
