**Objection to Development proposal DA2023/0130 – Organic Waste Transfer Station**

**Site 105A Church St, Lidcombe NSW 2141**

I write to express my strong objection to development outlined in DA2023/0130.

This project would have adverse effects on our neighbourhood and the well being residents and overall ecological balance.

1. Traffic congestion – more large trucks on streets, further exacerbate the existing congestion on Church St, Railway & Arthur St.
2. Dust fumes and bad smell
3. Air, noise, and soil pollution
4. Negatively impact property value

Considering the concerns raised above, I request that Cumberland Council reevaluate the approval of Development proposal DA2023/0130.
