To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130.

We have a nice, quiet neighborhood around this area. There are many new apartments built which already contributes to busy traffic on Church Street -- we do not want to see waste transfer trucks going around and causing more **traffic congestion**. **Also, we object to the noise, air pollution and odours from the trucks and the transfer station.**

All this poses a threat to public health and safety. Furthermore, these sites are a fire risk and can contaminate soil and water, not to mention bring down the value of property prices.
