To Cumberland Council ·

[REDACTED] I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

We had been living in Lidcombe for over 40 years. We have a nice and quiet neighborhood around this area. We noticed that the council is planning to build an organic waste transfer station in Lidcombe. We are concerned about the health environment in the area. The noise, the fumes, rats and big trucks travel in the area which will worsen the environment in the area.

There are apartments being built along Church St which would cause a big impact in the local traffic and parking in the local area already. Therefore, we strongly object to building the organic waste transfer station in Lidcombe.

Thank you for your consideration.

Your sincerely,

[REDACTED]
