Subject: [EXTERNAL] DA2023/0130 - Objection to Development proposal

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hi Cumberland Council,
As a resident of Lidcombe, I write to express my strong objection to the development proposed in DA2023/0130 to create an organic waste transfer station in Lidcombe.

My reasons for the objection to this proposal:

- Potential smell and odours spreading from the site to nearby residential housing.
- Potential smell and odours spreading from the trucks transporting waste to and from site.
- Increase in truck traffic in the neighbouring streets.

I request council reconsider the approved Development and create an environmental assessment to consider the potential problems this can bring to the council area. It is not beneficial to Lidcombe or Cumberland council to allow such a project to go ahead.

Feel free to contact me via email to discuss this matter further.
