Hello,

Please consider again about building the organic waste transfer station.

My parents have worked hard to afford a place in Sydney.

Our first home in Lidcombe, and now there is a chance of a rubbish tip getting built so close to our house is really upsetting.

This house will be my parents retirement house, which would not be at all helpful if there is a rubbish tip next door.

I truly hope the council would make a wise decision and consider it again.

Please understand us and all the residents living in Lidcombe.

Thank you for your time reading this email.
