To Cumberland Council,

I disagree with the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

The waste transfer station is too close to the residential area. The bad smell and dust fumes and the noise from the transfer station will definitely have significant impact on people living nearby. Also there is busy traffic on Church Street, the traffic congestions will become more severe if waste transfer trucks going around because the transfer station is on the street.

Object to the following point:-

- . too close to the residential area
- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.
