Dear Cumberland council team,

I would like to express my concerns regarding the proposed rubbish tip (Organic waste transfer station, 109A Church street Lidcombe) and its impact. I strongly disagree to have the rubbish tip to be built at Lidcombe area.

If the waste transfer station gets built, this would have significant impact on the residents currently living near the proposed construction site and rest of the neighbourhood with:

- traffic congestion
- air, noise and soil pollution
- dust fumes and bad smell
- negatively impact the tranquillity of the suburb
- negatively impact the health and safety of local residents
- local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area

Thanks so much for your attention and consideration.
