I would like to advise you that I am against the proposed rubbish tip in our suburb. Due to my concerns regarding the extra traffic, air, noise and soil pollution. I drive regularly via Church St., to pick up my grandchildren when I look after them and already there is so much traffic with the new High rise buildings that are popping up along that street we don't need any additional traffic in that area. I have lived in Lidcombe for over 40 years and believe the rubbish tip would negatively impact my health, my children and grandchildren's health as well as the health and safety of all the local residents in Lidcombe,

Lidcombe is our home and we want to feel safe and healthy and live in a pollution free suburb.

I strongly object to this Rubbish tip being allowed to be built in Lidcombe.
