**Subject:** [EXTERNAL] DA2023/0130 - organic waste transfer station

Hi Cumberland Council,

My email is in relation to DA2023/0130 - organic waste transfer station and I have a few questions. I refer to the Environmental Impact Statement dated 9<sup>th</sup> Mar 2023:

1. Section 7.2.5 Summary and mitigation measures - what happens if trucks schedule is not on time and there is a back log and they have to queue? What is plan then?

- The delivery schedule of the incoming or outgoing trucks would be coordinated to avoid trucks for extended periods of time on site;

Where will this odour complaint logbook be located? And what is the timeframe for appropriate actions to take place? a few days or few weeks?

- An odour complaint logbook would be maintained and in the event of a complaint, an investigation would be conducted of any odour sources, with appropriate actions taken to eliminate any identified excessive odour source;

This DA is very significant development so who can address community's concerns?
