Dear Cumberland Councillors ,
Hope you are well. I'm writing to express my strong objection to the development proposal outlined in D/A2023/0130 , operation of an Organic Waste Transfer station .

As follows :

- Pressing concerns of potential impact of traffic congestion in our community.
- Newly constructed dwellings has already placed a strain of the local road infrastructure
- Impeded traffic flow & emergency response times
- Negative impact on the safety of pedestrians & cyclists
- Endangering the Safety of school children & elderly in the area
- Possible unnecessary odours & smells in the area
- Increasing audible noise pollution in the area

I trust that Cumberland Council will carefully consider these objections. I look forward to hearing from you soon .

Yours Sincerely
