**Subject:** [EXTERNAL] 109a Church St Lidcombe organic waste transfer station

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

To whom it may concern.

Hi. I was recently notified of the proposal of building a waste transfer station in Lidcombe.

I currently reside in Mary st Lidcombe, which is close to the proposed address of this project.

I would like to voice my objection for this project for couple of reasons.

Firstly, I am deeply concerned about the traffic jam this will cause. Despite of it being one of the main streets to enter/ exit out of Lidcombe, Church st is not a big street. Traffic is already congested in the area, and it will increase even more when the Bilbergia apartments are completed. We can not add even more congestion and panic with waste transfer trucks.

I am also concerned about the dust, noise and smell this will cause. It will have a direct impact to the community as it is very close from the centre of residential area. This will lower the quality of lives of the people who live in the close proximity.

I believe the lidcombe community is deeply concerned and many people are voting against it. Please reconsider the location of this facility. It needs to be further away from such crowded area.

Thank you for taking your time to read this email.
