To Cumberland Council,

I definitely object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

I have been living Lidcombe since 2010, and both of my kids are in St Joachim Catholic School in Lidcombe, this address of the waste transfer station is very close to my kids' school. You have already noticed there are many new apartments being built and the traffic is getting much busier on Church Street, I really concern the safety about my kids. I don't want to see the transfer station is built here, there will be more waste transfer trucks going around and causing more traffic congestions. Also, the waste transfer station will cause more noise, dust fumes and bad smell, that's harm to the health of surrounding residence.

And this waste transfer station will lower the properties' value in Lidcombe.

Object to the following point:-

- . More traffic congestion.
- . Noise.
- . Dust fumes.
- . Bad smell.

Your sincerely,
