Subject: [EXTERNAL] FW: OBJECTION to DA2023/0130. Site: 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Reason for objection:

To Whom It May Concern,

I am writing to express my strong opposition to the proposed waste transfer station at 109A Church St in Lidcombe. As a resident who deeply cares about the health and well-being of our community, I am greatly concerned about the potential consequences of such a facility.

Let me share a personal story that highlights the health risks associated with waste transfer stations. A close friend of mine lived near a similar facility, and their family suffered from various respiratory issues as a result of prolonged exposure to pollutants and foul odors. Their children developed chronic coughs and experienced difficulty breathing, which significantly impacted their quality of life. Witnessing their struggles has made me acutely aware of the potential harm that a waste transfer station can pose to the health of our community.

I urge the Cumberland Council to prioritize the health and safety of its residents by rejecting this proposal. Please consider alternative locations that would not jeopardize our well-being.

Thank you for your attention and consideration.
