[EXTERNAL] OBJECTION to DA 2023/0130 site: 109A Church at Lidcombe Lot 1 DP
778492

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Reason: Lidcombe does not need a waste facility or rubbish tip close to residential areas. It's disappointing as a long term resident that this council could even consider a rubbish tip close to its residential properties, close to schools , child care , businesses etc.

This facility can create health and safety issues to its residents, create air, noise and soil pollution and destroy our beautiful suburb .

Council should think about creating more parks for its residents and not a rubbish tip in a family oriented suburb.

We are also close to Olympic park which everyone has access to its facilities across Sydney and any dust fumes and bad smell will impact Lidcombe and Olympic park.

Please listen to your residents and do not construct a rubbish tip!!
