Hi Cumberland Council,

I would like to submit my objection to the "**Organic Waste Transfer Station**" on 109A Church Street, Lidcombe (DA2023/0130).

Reasons for objection as follows:

1. Traffic congestion
2. Air, noise and soil pollution
3. Dust fumes and bad smell
4. Negatively impact the health and safety of local residents
5. Negatively impact property values
6. Negatively impact the tranquillity of our suburb
7. Negatively affect resident, commercial and recreational environment
8. Local residents will bear the cost of roadworks damaged by the ongoing heavy usage of the area.

It is important that this proposed Organic Waste station will NOT be allowed to operate in our beautiful and peaceful environment. I moved to Lidcombe to raise my children in a safe and good quality environment and if this proposal goes ahead, we will consider moving to a better suburb and other residents will be in the same position.

Feel free to contact me if you have any further questions.

Thanks,
