Attention Cumberland Council!

I would like to object to the proposal for the construction and operation of the organic rubbish tip (Organic Waste Transfer Station).

If the waste transfer station gets built, this would have significant impact on the residents currently living near the proposed construction site and rest of the neighbourhood with:

1. Traffic congestion
2. Air, noise and soil pollution
3. Dust fumes and bad smell
4. Negatively impact the tranquility of our suburb
5. Negatively impact the health and safety of local residents
6. Negatively impact property values
7. Negatively affect residential, commercial and recreational environment
8. Local residents will bear the cost of roadworks damaged by the ongoing heavy vehicle usage of the area.

Kind regards
