Dear Madam/Sir,

I strongly object to the development plan DA2023/0130 the organic waste transfer station at 109A Church St, Lidcombe 2141 due to the health hazards it can cause to my 97 year old mother. She lives at [REDACTED] who have many health issues. The waste station can be a sources of bad air pollution where it will affect my mother's health. The noise from excessive truck traffic and the waste station will be a big problem as she won't be able to sleep well due to the noise, as result this can do a lot of harm due to lack of rest.

Please consider the health hazard the waste transfer station can cause to the people who are living close by.

Kind Regards
