Dear Sir/Madam

My name is _____ and I moved into _____ with my young family. We purchased this property because of what Lidcombe has to offer, a safe and quiet environment for young family's while being central in NSW. If the DA was approved and finished building prior to us looking for a property. We will not purchased this property and we will look else where. the reason being but not limited to is:

- the disruptive trucks can be and the damages it would do on our safe roads
- the pungent smell is not only disruptive but potentially harmful to young children. As a young father, safety of our newborn is our number one priority.
- negative impact on the environment (air, noise, and soil)
- damage the reputation of Lidcombe suburb. That is a vibrant suburb where young families can stay. with the waste station built. Lidcombe will become an industrial suburb (mind you with negative stigma towards it now) where it will lose its identity.
- As a mother, I worry about the safety of my child growing up especially with the school near by the rubbish tip. The smell, noise, and congestion will affect my child. I will not let my child go to Lidcombe public school.

I therefore respectfully object to the DA2023/0130 Site 109A church street Lidcombe NSW 2141 Lot 1 DP 778492 for the above reasons given. As a public servant, your job is to serve the community, if you allowed the approval for this rubbish tip, then you are not serving your community correctly.
