Hi there

I'm :

I'm writing to express my objection against development DA 2023/0130, site 109A church st Lidcombe NSW 2141 Lot 1 DP 788492.

I cant believe the proposed site is in the center of well populated area. It will certainly create large amount of noise and pollution which affect local resident health. Let alone the traffic congestion and potential safety risks considering 59 tipping trucks each day.

I'm against the proposed Waste Transfer (Tip) for Lidcombe. We already carry more than our fair share of Public infrastructure in Lidcombe - from Rookwood to The Coroners Court, the EPA storage facility and laboratories, freight railway lines criss crossing our suburb, we even have 3 high security prisons on our doorstep !! Add to that the large scale Electricity and Water infrastructure that resides in our suburb, but supports a large swathe of Sydney. This tip is simply one large unwanted item too many.

Please seriously take local residents opinion and stop the proposed development.

Regards
