Reason for objection:

To Whom It May Concern,

I am writing to express my strong opposition to the proposed waste transfer station at 109A Church St in Lidcombe. As a resident deeply committed to environmental preservation, I am gravely concerned about the potential negative impact this development could have on our surroundings.

Allow me to share a personal story. I grew up in a neighborhood that had a waste transfer station nearby. Over time, the area's once beautiful landscape became contaminated, and the local ecosystem suffered greatly. Wildlife disappeared, trees and plants withered, and the air quality deteriorated. Witnessing the environmental degradation firsthand left a lasting impression on me.

I implore the Cumberland Council to consider the long-term environmental consequences of approving this waste transfer station. Our natural surroundings are invaluable assets that deserve protection. I urge you to explore alternative locations that would not pose a threat to our environment.

Thank you for your attention and consideration.

Sincerely,
