To whom it may concern,

I categorically reject this proposal of a waste facility in the middle of residential Lidcombe.

Waste facilities have no reason to be set up in the vicinity of homes, units, apartments, aged care facilities and a stonethrow away from train station which is a main thoroughfare.

Lidcombe has a high proportion of young children and any air pollution would be detrimental to their health and adults alike. Research shows poor air quality leads to respiratory issues such as asthma.

I fail to comprehend why this proposal would be approved in any circumstances. Waste facilities should be located well within industrial areas to avoid negative impacts the community.

I request that my personal information be suppressed under section 58 of the Privacy and Personal Information Protection Act 1998 (PPIP Act)

I expect this proposal to be wholly rejected.
