

Subject: Objection to DA2023/0130

To Cumberland Council,

I would like to object to the proposal for the construction and operation of an organic waste transfer station at 109A Church Street LIDCOMBE NSW 2141; Lot 1 DP 778492 . File: DA2023/0130 .

This is due to the following reasons:

1. The proposed DA site is close proximity to residential properties, schools, nursing homes, parks and businesses.
2. The organic transfer station will produce bad smell, attract rats, cockroaches, pests and rodents.
3. The hazardous fumes and pollution impact the health, well-being and lifestyle of local residents.
4. Storm water impact - where wastage goes into our local sewage system and pollute our land.

Object to the following point:-

- * Impact health and well-being of local residents
- * More traffic congestion
- * Noise
- * Bad smell
- * Hazardous fumes
