Subject: [EXTERNAL] OBJECTION to DA2023/0130, Site 109A Church street LIDCOMBE

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Cumberland Council,

I am a resident of Lidcombe for 27 years. I am very concerned about the proposed waste transfer station application.

I am against the application for the following reasons:

- The waste transfer station will cause traffic congestion, pest problems, noise problems, and air pollution.
- The waste transfer station will pollute the environment of Lidcombe.
- The waste transfer station will decrease the property value of Lidcombe.
- The waste transfer station will make the residents of Lidcombe feel uneasy.

I urge you to reject the application. If the application is approved, Lidcombe will become a ghost town or a slum. I have never worried about this kind of thing while living in Lidcombe, and I am very sad that this is happening. I want to end my life in the Lidcombe I love.

In addition, if the current residents of Lidcombe leave one by one due to these problems, of course, the wealthy people will leave Lidcombe first and Lidcombe may become a ghost town or a slum. Lidcombe is a region with a long history, and many people love and settle here. I hope that the Lidcombe City Council will consider the characteristics of this area and reject the application for the waste transfer station.

Thank you.

Kind Regards,
