To Cumberland Council,

I would like to object to the above matter.

I moved from Cecil Hill to Lidcombe 14 years ago as Lidcombe is a small quiet convience town good for living.

But now they are lots of apartment coming up. Traffic congestions is very busy.

We don't want to see once the transfer station has been built there will be waste transfer trucks going around causing more traffic congestions, noise, dust fumes and bad smell from the trucks and the plant from the transfer station.

I hope you can understand the residents living in Lidcombe. I think they can have more better places to build the Organic Waste Transfer Station beside Lidcombe.
