To whom it may concern,

Hi,

My name is Joyce and I have few concerns regarding this proposed waste transfer station at Lidcombe. Lidcombe has become big residential area to live in:

1. If there are over 100 truck movements daily through residential area it will be really inconvenient for traffic issues.
2. Also, there will be no absolute assurance that odour from the site can be controlled.
3. Lidcombe is becoming a busy suburb with potential for future business growths, as the residential population continues to increase.

Therefore this site is not suitable for a waste transfer processing area. It should be located within a full industrial area with major roads, rather than a major residential area.

Thank you.
