I am writing this letter to protect our hometown.  
The rubbish tip will be built just a few meters away from Primary school and all residential areas.  
I do not think it is a fair decision to make for us.  
Lidcombe has around 30K of population. Why should be placed in a large population area?

Sydney has a big problem of lack of residential properties.  
Lidcombe had so many apartments built in the last few years and keep building more and more.

So, rubbish tip will be placed. too many traffic jams because of big trucks coming and going all day.  
Noise and soil are all polluted.  
and if there is a bad smell then this town will be a horrible place.

I know we need rubbish tip somewhere but not in 109A church street. ( just close to residential ,child care, school; aged care, business park etc)  
It threaten our local people health and safety.

some of people in lidcombe do not have english skill so plz do not ignore if objections number is no so many.

thanks
