Hi,  
I am living in Platform street Lidcombe and would like to raise concern in relation to the Organic Waste Transfer Station proposed in church street Lidcombe.  
Considering there are a lot of units and houses surrounding the proposed waste treatment plant, it is highly unhygienic and would affect the people like us living in the area. Also church street is one of the main streets linking the centenary drive for Lidcombe residents. This proposal is going to create a lot of traffic hassles using the church street.  
We strongly object to the location proposed for the waste treatment plant. Kindly consider a different location which is away from the residents of Lidcombe.

Regards
